

Aim High; Be Resilient; Take Care of Each Other

Dear Parents,

It has been a busy but wonderful Christmas time for the children. They have thoroughly enjoyed all the events and performed brilliantly in their plays. Thank you for coming along and supporting the children and school. Thank you to the Friends for all their hard work this term. It is really appreciated. I wish you all a very happy Christmas and new year.

We have a non-pupil day on Tuesday 2nd January so **term starts for the children on Wednesday 3rd January.**

What parents need to know about INSTAGRAM

Instagram is a hugely popular social networking app with over 1 billion users worldwide. The app, which is accessible on iOS and Android devices, allows users to upload images and videos to their feed, create interactive 'stories', exchange private messages or search, explore and follow other accounts they like. Images and videos can be transformed with an array of filters to edit the shot before sharing and anyone with an account can see others' online 'galleries' if their account is not private. To make posts easier to find, users can include searchable hashtags and captions to their uploads. That's why we've created this guide to help parents and carers understand exactly what Instagram is about.

HOOKED ON SCROLLING

Many social media platforms, Instagram included, have been designed in a way to keep us engaged on them for as long as possible. Behavioural economist, Nir Eyal, calls this the 'Hook Model' and the Instagram feed is a great example of this. Children and adults may find themselves scrolling to try and get a 'dopamine release'. Scrolling may become addictive and it can be difficult to stop until children find that 'something' they are looking for, quickly losing track of time as they get deeper into their Instagram feed.

SLIDING INTO DMS

Direct messages (or DMs) on Instagram allow users to share posts, images, videos, voice messages and calls between each other privately (or in a private group). Even if your child's account is set to private, anybody has the option to message them and send them content. If the person is not on your child's friends list, the message will still be sent to their inbox but the user has to accept their request to see the message.

INFLUENCER CULTURE

Influencers are sometimes paid thousands of pounds to promote a product, service, app and much more on social media. When celebrities or influencers post such an advert, they should add a disclaimer somewhere in the post which states that they have been paid for it. Commonly, this is well-hidden in the hashtags or in the comments of their post, making it unclear that their photo/video is actually an advert. This can be very misleading to young people who may be influenced into buying/wanting something promoted by somebody they admire, creating a false sense of reality and potentially affecting their mental health and wellbeing.

IMPACT ON WELLBEING

In a report by the RSPH, Instagram was ranked the worst for young people's mental health. Using filters on photos on Instagram can set unrealistic expectations and create feelings of inadequacy. Children may strive for more 'likes' by using realistically edited photos. Judging themselves against other users on the app might threaten their confidence or self-worth. In early 2019, Instagram banned images of self-harm and suicide, following the suicide of 14-year-old Molly Russell, who had reportedly been looking at such material on the platform. They since extended the ban to include drawings, cartoons and memes.

LIVE STREAMING TO STRANGERS

Live streaming on Instagram allows users to connect with friends and followers in real time and record on videos during broadcast. If your child's account is private, only their approved followers can see their story. It's important to note they may have accepted a friend request from someone they don't know, which means they could be live streaming to strangers. Children also risk sharing content they later regret, which could be re-shared online for years to come. Public accounts allow anybody to view, so we suggest your child blocks followers they don't know. In early 2019, data gathered by the NSPCC found that sex offenders were grooming children on Instagram more than on any other online platform.

IN-APP PAYMENTS

Instagram allows payments for products directly through the app. It operates under the same rules as Facebook Payments, which state that if you are under the age of 18, you can only use this feature with the involvement of a parent or guardian.

EXPOSING LOCATION

Public locations can be added to a user's photos/videos and also to their stories. While this may seem like a good idea at the time, it can expose the location of your child. This is particularly more of a risk if it is on their story, as it is real time. A photo which includes landmarks in the area, their school uniform, street name, house and even tagging in the location of the photo uploaded to Instagram can expose the child's location, making it easy to locate them. If their account is public, anyone can access their account and see their location.

HJACKED HASHTAGS

Hashtags are an integral part of how Instagram works, but they can come with risks. One person may use a seemingly innocent hashtag with one particular thing in mind, and before you know it hundreds of people could be using the same hashtag for something inappropriate or dangerous that your child shouldn't be exposed to.

IGTV

Instagram TV (IGTV) works similar to YouTube. Users can watch videos from favourite accounts on the platform or create their own channel and post their own videos. It's important to note anyone can create an Instagram TV channel and doesn't have to be friends with a person to follow an account and watch their videos. In 2018 Instagram apologised and removed some of its TV content which featured sexually suggestive imagery of children. As the feature may encourage spending more time using the app, it's important to set time limits to avoid children's sleep or education being disturbed.

Top Tips for Parents & Carers

RESTRICT DIRECT MESSAGES

If your child receives a message from somebody they do not know, encourage them not to accept their message request and 'block' this person; this is the only way to stop them messaging your child again. Children can also 'tap and hold' the individual message to report it directly to Instagram as well as reporting the account itself.

LOOK OUT FOR #ADS

In 2019, the UK's Competition and Markets Authority launched an investigation into celebrities who were posting adverts on social media and not declaring that they were paid for. Influencers must clearly state that they have been paid for their posts, for example using a hashtag like #ad or #sponsored. Teach your child to look out for the signs of a paid post/advert and discuss with them that not everything they see from celebrities is their personal choice and opinion.

MANAGE NEGATIVE INTERACTIONS

If your child is receiving unwanted or negative comments, they can block that account so that they can't interact with them. This stops them seeing and commenting on their posts, stories and live broadcasts. In addition, your child can instantly delete unwanted comments from their posts, turn them off completely and control who can tag and mention them in comments, captions or stories, from everyone, only people they follow, or no one at all.

MANAGE DIGITAL WELLBEING

Instagram now has an in-built activity dashboard that allows users to monitor and control how much time they spend on the app. Users can add a 'daily reminder' to set a limit on how much time they want to spend on Instagram, prompting them to consider if it's been too long. In addition, once users have caught up with all the previous posts since they last logged on, they'll receive a 'You've completely caught up' message. Both features can help you have a conversation with your child about how much time they are spending on the app and to set healthy time limits.

PROTECT PERSONAL INFORMATION

Your child may unknowingly give away personal information on their profile or in their live streams. Talk to them about what their personal information is and make sure that they do not disclose anything, including their location, to anyone during a livestream, comment, direct message or any other tool for communication on the platform, even to their friends.

USE A PRIVATE ACCOUNT

By default, any image or video your child uploads to Instagram is visible to anyone. A private account means that you have to approve a request if somebody wants to follow you and only people you approve will see your posts and videos. Children should also use a secure password and enable a two-factor authentication to add an extra layer of security to their account.

FILTER INAPPROPRIATE COMMENTS

Instagram has an 'anti-bullying' filter, which hides comments relating to a person's appearance or character, as well as threats to a person's wellbeing or health. The filter will also alert Instagram to repeated problems so that they can take action against the user if necessary. This is an automatic filter, which should always be enabled. Children can also report abusive behaviour or inappropriate/offensive material directly to Instagram from the app. This includes posts, comments and accounts.

TURN OFF SHARING

Even though this feature will not stop people from taking screenshots, it will stop others being able to directly share photos and videos from a story as a message to another user. This feature can be turned off in the settings. We also recommend turning off the feature which automatically shares photos and videos from a story to a Facebook account.

REMOVE PAYMENT METHODS

If you are happy for your child to have a card associated with their Instagram account, we suggest adding a PIN which needs to be entered before making a payment; this will also help prevent unauthorised purchases. This can be added in the payment settings tab.

DON'T FORGET TO BE VIGILANT & TALK TO YOUR CHILD ABOUT THEIR ONLINE ACTIVITIES!

NEW FOR 2020 INSTAGRAM REELS

Instagram Reels is the latest update from Instagram that gives users the ability to record and edit 15-second multi-clip videos with audio, effects, and new creative tools. It is the app's answer to TikTok and can be accessed via the Stories feature. Reels can be shared with friends and family, however, if your child has a public account, it could be shared wider via 'Explore' and viewed by millions of strangers online.

Summerhouse Services

'Supporting Brighter Futures'

Safe Spaces For Young People's Mental Health

We are a small, Plymouth-based, holistic, not-for-profit organisation promoting mental health, resilience and free thinking for children, young people and those adults that inhabit their world. We provide a range of human-centred, outcome-led, orbital and unique training and support services.

We have in person and virtual offers for all services, for which we have a nationwide remit.

While we are only just over 2 years old as an organisation, the work and unique approach we use has been in the making and continually shaped in response to need for over 20 years in the voluntary sector by Founder and Director Penny.

Our creative, engaging, enjoyable and supportive offers are easy access, friendly and professional and never use power point, even for our virtual training ! The focus instead is on lively interaction, enjoy as you learn and participation to own level of comfort.

ALL offers are generic and for EVERYONE and we never target audiences with specific issues, as our services are both preventative and supportive in nature and importantly, NONE of our offers are therapy or counselling, although ALL the spaces we create facilitate climates that are potentially, therapeutic (helpful), motivational and healing in nature.

We have had a fantastic reception since starting up in May 2021 and adults that come to our training use words such as 'game changing', 'ground breaking', 'new', 'pioneering', 'straightforward' and 'value for money' and young people generally find us 'helpful' 'validating', 'relaxing', 'interesting' and 'really fun' !

To find out more, please take a look around our website and if you would like a chat about any aspect of what we do or have any queries as to how we may help, please do not hesitate to get in touch....we always like a chat !

Holiday Requests

Please see the following message which we have been asked to share with you by Devon County Council:

We believe that in order for a pupil to fully benefit from their education, good attendance is crucial.

As of September 2013, an amendment to the Education (Pupil Registration) (England) Regulations 2006 came in to force and greater clarity was introduced to the issue of schools authorising absence requests. These changes reinforced the Government's view that every minute of every school day is vital and that pupils should only be granted authorised absences by the school in 'exceptional circumstances'.

A family holiday is not normally considered by the Government to be an 'exceptional circumstance' and therefore will not be authorised by the school.

Should you choose to take your child out of school without the authorisation of the school, then Parental Responsibility Measures could be instigated. This could mean receiving any of the following;

- A Penalty Notice*
- A summons to the Magistrate Court which could result in a fine of up to £2,500 and/or a term of imprisonment for up to 3 months.*

Schools are required to notify the Local Authority if a pupil has a number of unauthorised absences. Unauthorised absences can be acquired when;

- 1) Leave has been requested, but the circumstances are such that the school is unable to authorise the leave and it is taken anyway.*
- 2) Leave is not requested and/or the school has grounds to believe that the child has been taken out of school for an avoidable reason (example – a family holiday). Only the Head teacher can authorise an absence. This year there have been occasions when schools have been notified that the pupil is sick, but the school later discovers and reasonably believes that the reason given for the absence is not genuine.*
- 3) A child continually arrives late after the registration period has closed.*

Schools need to notify the Local Authority in all of the circumstances listed above.

Should a Penalty Notice be issued as a result of unauthorised absence then one notice will be issued to each parent/carer for each child involved. Currently, each Penalty Notice is for £120, which is reduced to £60 if paid within the first 21 days. If a Penalty Notice goes unpaid after 28 days, then court proceedings will be initiated.

We understand the disappointment that the refusal of a leave request may cause, but as you can appreciate this policy represents the school's responsibility and commitment towards providing your child's education and supporting their future life opportunities.

COULD YOUR CHILD BE ENTITLED TO A SUBSIDY TOWARDS THE COST OF RESIDENTIAL OR DAY TRIPS, SPORTING EVENTS, SCHOOL UNIFORM, EXTRA-CURRICULAR ACTIVITIES, BREAKFAST CLUB, AFTER SCHOOL CLUBS AS WELL AS FREE SCHOOL MEALS IN KS2?

If you are in receipt of any of the following, your child could be entitled to a subsidy towards the cost of the above:

- Universal Credit (provided you have an annual net earned income of no more than £7,400, as assessed by earnings from up to three of your most recent assessment periods).
- Income Support (IS).
- Income-based Jobseekers Allowance (IBJSA).
- Income-related Employment and Support Allowance (IRESA).
- The guaranteed element of State Pension Credit.
- Support under Part VI of the Immigration and Asylum Act 1999.
- Child Tax Credit (provided you're not also entitled to Working Tax Credit and have an annual gross income that does not exceed £16,190).

Working Tax Credit run-on (the payment you get for a further 4 weeks after you stop qualifying for Working Tax Credit).

Please apply even if your child is in Foundation, Year 1 or Year 2 and receives a meal under the Universal Infant Free School Meals Scheme. As well as financially benefiting as described above, your child may receive additional learning support where appropriate because of the additional funding that school receives from Government for known free school meals pupils.

How to apply

Through the Citizen Portal (https://oneonline.devon.gov.uk/CCSCitizenPortal_LIVE/Account/Login?ReturnUrl=%2fCCSCitizenPortal_live) which is the quickest and easiest way to apply and will result in you getting an instant decision.

Parents and carers can also ring the Education Helpline on 0345 155 1019.
